

Grade 2 Home Learning Grid - Term 4 Week 6

Sharing the Planet

Look around school or your home. What kinds of habitats do you see? What do you observe?

Math

Create your own word problem where people need to share something equally. Make sure you know the answer! Bring to share on Friday.

Literacy

Sort your words in a different way. Then use 3 (or more) of those words to create a Haiku poem. Don't forget to read, too!

Just for Fun Brain Teaser

What has to be broken before you can use it?
