

Grade 2 Home Learning Grid - Term 4 Week 7

Sharing the Planet

Choose a living thing to think about. What living and non-living things does it depend on to survive?

Math

How many different ways can you make 20 using multiplication?
Don't forget to complete your Mathematics activities.

Literacy

Read a book for 15 minutes every day. Try to read a non-fiction book and think about how the information is organised.

Just for Fun Brain Teaser

What can you catch but not throw?
